## I. Project Description

- Payapa at Masaganang Pamayanan (PAMANA) is the Philippine Government's peace and development framework that aims to strengthen peacebuilding, reconstruction and development in conflict-affected areas (CAAs).
- The Office of the Presidential Adviser on Peace Process (OPAPP) has engaged with the Department of Social Welfare and Development (DSWD) to improve access of conflict affected and vulnerable areas to basic social services and accountable governance in identified PAMANA zones within a framework of a memorandum signed by the two agencies on March 30, 2011.
- DSWD, through Kalahi-CIDSS, supports the PAMANA framework by providing micro-level interventions that promote the convergent delivery of services and goods focused on households and communities utilizing the Community-Driven Development (CDD) strategy.
- The KC-PAMANA 2011 to 2016 implementation funded a total of 4,123 subprojects located in 67 municipalities of 18 provinces in 8 regions. Out of the 4,123 subprojects, 4,122 SPs (99%) are completed while 1 SP (1%) is still on-going. An estimate of 1,047,383 household beneficiaries has been served by the Project and out of the PhP1.9 billion budget PhP 1.8 billion (96%) has already been obligated.
- In 2017, OPAPP and DSWD agreed to expand the partnership under PAMANA to support a Community Driven-Development Program for Indigenous Peoples (IP-CDD). The Project aims to (i) deliver basic services to IP communities through supporting the implementation of the Ancestral Domain Sustainable Development and Protection Plan (ADSDPP); (ii) strengthen partnership of local governance institutions and the Indigenous Political Structures (IPS); and (iii) build communities' resilience to conflict.
